Beloved Children of My Heart:

Beautiful Music can and does bring Peace into the chela's life and feelings as no spoken word can give that so much required quality, that I suggest that My chelas absorb as much Harmony through music as they can.

Every man was endowed with faculties by which he might earn the right to become a co-worker in the Kingdom of God here on Earth and to expand the periphery of God's Design - which is man's reason for being. These faculties find expression, as the power to see (through the eyes), the power to touch (through the hands), the power to think (through the mind and brain activity) and the powers of the other senses. Mankind, created of the One Father, equally endowed with the power to use these faculties, and the resulting use to which they are put determine not only how much of that faculty they shall draw from the Universal, but the actual condition from the use of these faculties are placed at their disposal during each embodiment.

The faculty of sight, for instance, when used to enrich the consciousness by study, appreciation of the beauty in the world of form and the capacity to see through false appearances into perfection does automatically refine the physical organism of the eye, and in a far greater sense allow the individual with such vision to reach into The Cosmic Peace, where he shall see and picturize God's plan for the good of man, that might even be externalized by one who has lost the right to unite his God-Given faculties with The Cosmos because of a temporary downward vision.

The veil which has shut out temporarily the beauty of The Angelic Kingdom and The Ascended Host is composed in part by the decadent vibratory action of the physical sight, which, through misuse through the centuries, can no longer vibrate at a rate which can pick up the pure radiation of the Fourth Sphere.

Individuals who are clairvoyant and clairaudient have, in the use of sight and hearing remained, to a great extent, true to the Higher Activity in the use of these faculties. Thus they can perceive that which is yet invisible to the mass of mankind.

I say to My chelas today - preserve Peace and Harmony, insofar as it is possible. Hold your vision high, and in the Love which beats your heart see through the imperfection of persons, places, conditions and things that confront you daily and salute the nucleus of Good (God) which is the core of all.

Love and Blessings
MAHA CHOHAN
